

Standard trolley, type STR

Double trolley, type STR-D

Trolley with rubber wheels, type SGR for quiet run

Rubber wheels

Trolley, type STR

Made of stainless steel 1.4301

For transportation of Euro-containers

- 6 polyamide wheels D=125mm
- Middle wheel pair higher
- Wheel casing made of 1.25 mm resp 2.0 mm stainless steel (SLR)
- Stackable by means of hollow
- Loading capacity 250 resp 350 kg
- Type STR-D for 2 Euro-containers next to each other

Trolley, type STR / SLR

Type	Loading capacity	Dimensions W x D x H mm	Article-No.
STR	250 kg	410 x 650 x 170	40000001
SLR	350 kg	410 x 650 x 170	40000002
STR-D	350 kg	620 x 880 x 170	40000061

Stacking hollow

Trolley, type SGR

Made of stainless steel 1.4301

For quiet transport of Euro-containers

- 6 abrasion-proof rubber wheels D=125mm
- Middle wheel pair higher
- Wheel casing made of 2.0 mm stainless steel
- Stackable by means of hollow
- Loading capacity 200 kg

Trolley

Type	Loading capacity	Dimensions W x D x H mm	Article-No.
SGR	200 kg	410 x 650 x 10	40000307

Wheels see on page 218
